## WHISPER ARCH

A decorative arch to customise the garden with elegance

---

Stylish, airy, refined, this arch will be the ideal entrance way into your floral garden! Made of metal, it will support your climbing Roses, and others such as Jasmines. Just a few minutes to install and your garden will be transformed!

### Benefits

To personalise the garden with elegance and enhance a path or entrance to the house. Gives verticality to the ornamental garden. Its compartmentalised structure makes it an excellent support for climbing plants.

### Characteristics

13 mm diam. steel tube Easy to install. Arch sold in kit form, the elements fit together, screws supplied, 4 anchoring pegs to secure the arch in soft ground.
