

RECYCANE 20 PLUS

Double-sided 19mm PVC fence with 60% recycled content

MADE IN SPAIN · UV RESIST · PVC

A synthetic fence made with 60% recycled materials.

Benefits

Product developed by the Catral Group R&D department with a unique composition. This allows us to include 60% recycled materials in the composition. The result is a product with high recyclability and reduced consumption of virgin plastics.
What's more, each of the slats is woven and then glued at each junction, offering greater strength and solidity.
