

FLEXI EDGE BORDURA

Flexible edging, for a perfectly delineated lawn

Suitable for lawnmowers, making it easier for the wheels to pass over. It adapts to all shapes, following curves or bends. It has 4 pre-drilled holes for inserting the 4 included fixing stakes.

Benefits

Flexible and very resistant, this border is ideal for delimiting the lawn. Suitable for lawnmowers, it facilitates the passage of the wheels.
It adapts to all shapes, following either a curve or a rounding.
It has 4 pre-drilled holes to insert a fixing stake. A few blows of the mallet are enough for the border to be correctly fixed in the ground.

Characteristics

Material 100% made from recycled tyres.
Dimensions: lenght 120 x height 7 cm x thickness 8 cm.
Weight: 2,9 kg.
4 fixing spikes included.
Color: anthracite.
Mould and rot resistant.
Weather, freeze and UV resistant.
