

WINDANET

Wind screen

Ideal as a brake and protection from the wind, besides a variety of other applications. It can be cut and adapted to all type of spaces.

Benefits

Do you live in a windy region and want to find a discreet solution to cut yourself off from the wind or protect your young crops? The Windanet windbreak will be the ideal remedy for your problem. The particular shape of its holes makes it possible to cut the force of the wind while letting air pass through and thus preventing the fence from being torn off.

Characteristics

HDPE UV treated 5 year warranty Color dark green Cuttable in 2 directions INSTALLATION TIP Recommended installation accessories according to height: 1.00m - 4 pcs. 1.50m - 5 pcs. 2.00m - 6 pcs. Repeat fixing element every 30cm in length. For windy areas reduce the distance to strengthen the installation. It is recommended to fix the sightscreen to a stake, post or to a rigid support like balcony railing or rigid mesh.
