

ALUNET

Aluminium mosquito netting

Mosquitoes invade your home and you don't know what to do? Install the Alunet on your windows. IT is ideal for preventing insects entering without impairing visibility or air circulation. Sturdy and durable. The holes are thin enough to prevent insects from getting through without losing visibility.

Benefits

Ideal for preventing the entry of insects without visibility and air circulation. Sturdy and durable. Allows you to enjoy fresh air without mosquitoes. Easy to install. Can be cut to fit all windows. Non-zippable

Characteristics

Made of aluminium. Rectangular structure. Weight: 125 g/m². Approximate light hole: 1.8 x 1.4 mm. Wire diameter: 0.22 mm. Available in aluminium grey colour
