

FIXCANE

Fastening system

UV RESIST PE

When assembling a sightscreen, fixing accessories are essential so that the installation is resistant to wind and other weather conditions. Fixcane is the ideal solution to fix plastic fences and rigid meshes, placed every 30 cm.

Characteristics

PE plate with 2 perforations. 3.4 cm wide x 1.9 cm high, thickness 1.8 mm. Transparent plastic-coated wire tie, Ø 1.3 mm, length 15 cm. Transparent color. Sold in bags of 26 units.
