

TWISTER KIT TWISTER FIX

Automatic binder

Once a windbreak or a wire mesh is purchased, it's important to know how to install and hang this element. The Twister Kit offers a blister pack and ties to hang the windbreak or wire mesh. Attaching a windbreak on a terrace or wire mesh in a garden will then be a breeze for you.

Benefits

Fast and discreet system for fixing natural privacy screens.
Easy to manipulate with the kit tool.

Characteristics

Galvanized iron wire Ø1 - 1.1 mm.
The Twister KIT consists of the tying tool + 100 provided ties.
The Twister FIX consists of 200 ties.
