

HIVERSAC

Over-wintering covers

Do you need a protective cover suitable for potted plants? The Hiversac overwintering cover is made from polypropylene and is UV resistant. It protects against bad weather and the cold while allowing light through to keep your plants and shrubs alive.

Benefits

Cover for potted plants and shrubs. Protects cold and frost-sensitive plants and shrubs from the cold, wind and hail. This overwintering cover is air and water permeable and lets the light in. Good heat insulation: creates a microclimate and retains accumulated heat. Ideal for potted plants and shrubs. Easy to set up, simply place over the plant.

Characteristics

In 30g/m² and 50/g m² non-woven polypropylene. UV resistant.
