

SOLART PANEL

Decorative metal panel with solar light row

Magical lights for a unique atmosphere in dark areas of your garden or terrace.

Benefits

Leaf-patterned, laser-cut panels recommended to separate spaces or as props for creeper plants. Instant effect!

Characteristics

Brown metal plate welded into a square frame. Size: 0.6 x 1.2 m + 0.3 m foot. Separate, water-resistant solar panel 5V 330mA with a 102 SMD LED ribbon. Rechargeable 3.7 V - 2,200 mAh 18650 lithium battery.
