

GREEN LUBECK PRO 15

15 mm high carpet grass

Do you want to install the traditional carpet grass but you would like to give it extra comfort and a more dense effect? Then bet on this carpet grass with an extra height that will help you to achieve this result

Benefits

- A higher height in the traditional carpet grass to give it greater comfort and more density.
- Ideal for exhibitions or to install at the base of removable pools.
- Time saving: it requires almost no maintenance (cutting, fertilizing, etc.). The time allocated to its conservation is considerably minimized.
- Water savings: constant irrigation is not necessary, which means savings on the bill and cuts water consumption.
- Ecological product: this type of artificial grass does not need pesticides or insecticides, generating less pollution on the ground.
- Anti-UV treatment to maintain the unalterable green color.
- Perforated base for a good drainage.

Characteristics

SPECIFICAL FEATURES:

- Yarn material: fibrillated PP
- Base: PP + non-woven + latex
- Height: 15 mm
- Color: 1 shade of green
- Anti-UV stabilizer: Yes
- DTEX: 2.200
- Stitches m²: 60,000
- Water evacuation: 180~500 l/h/m²
- Weight: g / m²: 1,356 g / m² (± 5.0%)
- Transversal stitches in 10cm: 24/10

MAINTENANCE TIPS:

- Once the grass is unrolled, let it rest for at least 24 hours before installing it.
- Once installed, brush the grass from time to time, depending on how it is used.
- For a better result, use a special brush for artificial grass such as the Nortene BRUSHY model.
- To remove dust, sand or other small debris present in the hair, a conventional vacuum cleaner can be used.
- Apply the CLEAN cleaner and Nortene FRAGRANCE to give it an unbeatable appearance.

- It is not recommended to install artificial grass near glass and / or metal surfaces exposed to direct sunlight.
- The reflection of the sun on the glass

causes a very high temperature and can cause burns to the blades of grass due to the magnifying effect on the grass.
