

OMBRANET

Shading net

70% UV RESIST PE

With increasingly long sunshine, it is important to offer a shading solution for crops. This net allows a shade of 70% thus avoiding that the crops are burnt.

Benefits

Reduces the intensity of sunshine and prevents burns on vegetables or fruits.

Characteristics

Knitted mesh net, 100% Polyethylene. Weight: 65g / m². Shading: 70%. Black color. Anti-UV treated.
